

# INTEGRATING TECHNOLOGY PD

Digital Video Workshop #1

## Assignment

Review the following mini-video projects and choose one to focus on (or make up your own.)

Try to take at least two or three minutes of video.

1. Interview a fellow teacher about their teaching practices.
2. Do a mini-documentary (your neighborhood, a restaurant, shop...etc).
3. Make an advertisement for a product.
4. Create a news flash.
5. Advertise a lesson you recently taught or are proud of.

## Some considerations

Make a storyboard/outline of your film.

Feel free to experiment using voice recordings as well.

Scene 1	Scene 2
Scene 3	Scene 4
